

# BYOD – VENDOR PORTAL – HP & Dell

- Below you will find links to the BYOD portals of the two vendors who have partnered with Helensvale for many years in our BYOD program.
- Whilst it is not mandatory, we **STRONGLY ENCOURAGE** purchasing your child’s laptop from one of these vendors, as:
  - They have for many years manufactured robust laptops for the education environment.
  - It takes the stress out of finding the right laptop to meeting the minimum requirements and network compatibility of the school.
  - It eliminates sales pressure.
  - Every laptop on each site includes **3 years onsite warranty** as well as **3 years accidental damage protection insurance (ADP)** in their pricing.
  - Any warranty, accidental damage or non-warranty repairs can be logged and processed by HSHS school techs, and conducted by vendors on the school site, thus taking the hassle out of purchaser/vendor communication, delivery and pickup.
- Upon entry to each site, you will note that both vendors have categorised their laptop products as **basic, standard** and **premium** (or words to that effect).
- Every laptop meets the minimum standards required by Helensvale SHS.
- Typically, unless a student is studying senior subjects such as: Graphic, Film & TV or Cert III Media, they would not require a premium model.
- Note below the website entry points of each vendor in the 2<sup>nd</sup> column and other relevant information in the final column.
