Get Career Ready at high school with TAFE at School

If you're a Year 10, 11 or 12 student you may be able to complete a TAFE Queensland qualification while you're still at school.

Choose from a variety of certificate to diploma courses from a range of study areas from construction to community services, hospitality to health care and everything in between.

i How to apply

To submit an application for a TAFE at School course, visit tafeapply.com

You'll need the application code for the course in the location you want to apply for. These can be found on pages 40 and 41 of this guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to www.usi.gov.au to get one.

Applications open 3 August 2026.

TAFE Queensland acknowledge the Traditional Custodians of Country throughout Australia and respect the continuing connection to land, waters, cultures and family that Aboriginal and Torres Strait Islander peoples uphold. We pay respect to Elders past, present and future. We recognise that teaching and learning has taken place on Country for over 60,000 years and two-way learning is an important part of our reconciliation journey.

Our locations

No other provider can match TAFE Queensland for scale and location options. With more than 60 locations across the state we have Queensland covered, no matter where you are.

Our Gold Coast campuses are shown on the map below. To view all our statewide locations, visit tafeqld.edu.au/locations

Studying at TAFE

Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state, with a history of serving Queensland's communities for more than 140 years. We offer more than 400 practical, industry-relevant courses from entry-level certificates to bachelor degrees. Our training is delivered to over 139,000 students each year across more than 60 locations in Queensland.

In 2024-25 we trained

139,000 students

100%

of our diploma and higher-level courses have diploma-to-degree pathways

Over 60

locations

We have an

89% student satisfaction rating

(and we're working very hard on the other 11%)

Over 84%

of our graduates go on to work or further study*

We have a

93.1% employer satisfaction rating

Every \$1 spent

by TAFE Queensland supports **\$2.55 of added-value** in the Queensland economy

TAFE at School

Benefits of TAFE at School

- Fits around your senior studies
- Get valuable Queensland Certificate of Education (QCE) credits
- May contribute to your Australian Tertiary Admissions Rank (ATAR)
- Direct entry to any related TAFE Queensland course
- Open up a variety of university pathways
- Gain credits towards an apprenticeship, diploma or university studies
- Build practical skills in an adult learning environment
- Get work ready

Flexible study options

TAFE Queensland offers flexible study options so you can gain a VET qualification while you're still at school in a way that best suits you.

On campus

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-standard workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll also learn from our highly-qualified teachers and benefit from their vast experience.

At school

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland qualification when you complete your course.

Industry experience

Some TAFE at School courses require you to complete work placements, or in some instances to work in the industry. This gives you the opportunity to build your skills and confidence dealing with real-life situations. Work placement requirements should be discussed with your teacher prior to commencement of study.

Year 10 Career Tasters

TAFE Queensland's Career Tasters program is the perfect opportunity for Year 10 students to explore exciting career pathways in a fun, hands-on environment. The program includes interactive activities, industry insights and practical sessions - giving students a real-world look at potential careers.

School-based apprenticeship or traineeship

TAFE Queensland offers both school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

After selecting the industry you are interested in and talking with your school and parents/guardians, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland, this is funded by the Queensland Government; however you may need to pay some costs for tools and compulsory personal protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call **1800 210 210** or visit dtet.qld.gov.au/training.

Enrolment into TAFE at School courses is subject to eligibility requirements. Talk to your VET coordinator or guidance counsellor, or visit our website for more information.

Important information

Term dates 2027

TAFE Queensland term dates align with Queensland school terms to fit with your senior studies.

	QUEENSLAND SCHOOLS	TAFE QUEENSLAND
TERM 1	START Wednesday 27 January	START Wednesday 27 January
	FINISH Thursday 25 March	FINISH Thursday 25 March
TERM 2	START Monday 12 April	START Monday 12 April
	FINISH Friday 25 June	FINISH Friday 25 June
TERM 3	START Monday 12 July	START Monday 12 July
	FINISH Friday 17 September	FINISH Friday 17 September
TERM 4	START Tuesday 5 October	START Tuesday 5 October
	FINISH Friday 10 December	FINISH Friday 10 December

Most TAFE at School courses have intakes in Semester 1 and/or Semester 2, so you can choose to start studying at a time that suits you.

By choosing to start your first course in Year 10 in Semester 2, you can often complete two courses by the time you have six months left of school. This frees you up to concentrate on your studies for the rest of Year 12 so you can nail your final assignments and exams. Bonus: you're ready to hit the ground running in finding a job to earn money, support a gap year or university studies, and kick start your career.

Student support

Everyone's journey is different and sometimes you need some extra support to achieve your study goals. We're here to help. At TAFE Queensland our student support services are available for all of our students, making your learning experience just that little bit easier.

Learn more at tafeqld.edu.au/studentsupport.

If you are a TAFE at School student, your regular school support programs are also responsible for ensuring you receive appropriate levels of support while at TAFE. It is expected that if your school normally provides you with a participation assistant or similar for day-to-day learning or personal support, then they also provide this support when you attend your TAFE at School course.

Cost and payment options

Costs vary from course-to-course and you can check our website for the most up-to-date prices. You may be eligible for a range of fee-free TAFE at School courses. In addition to paying for full fees for courses upfront, as a TAFE Queensland student there are a range of subsidies, concessions and loans you may be eligible for to assist you with the cost of your study and training.

For more information and eligibility requirements, please visit dtet.qld.gov.au/training/providers/funded/vetis. Eligible students are entitled to one government funded program only.

Payment plans may also be available to assist with payment of your course; however if you're under 18 you will need a guarantor. Applications will be subject to credit checks.

For information about our withdrawal and refund policy, please visit the TAFE Queensland website: tafeqld.edu.au/policies.

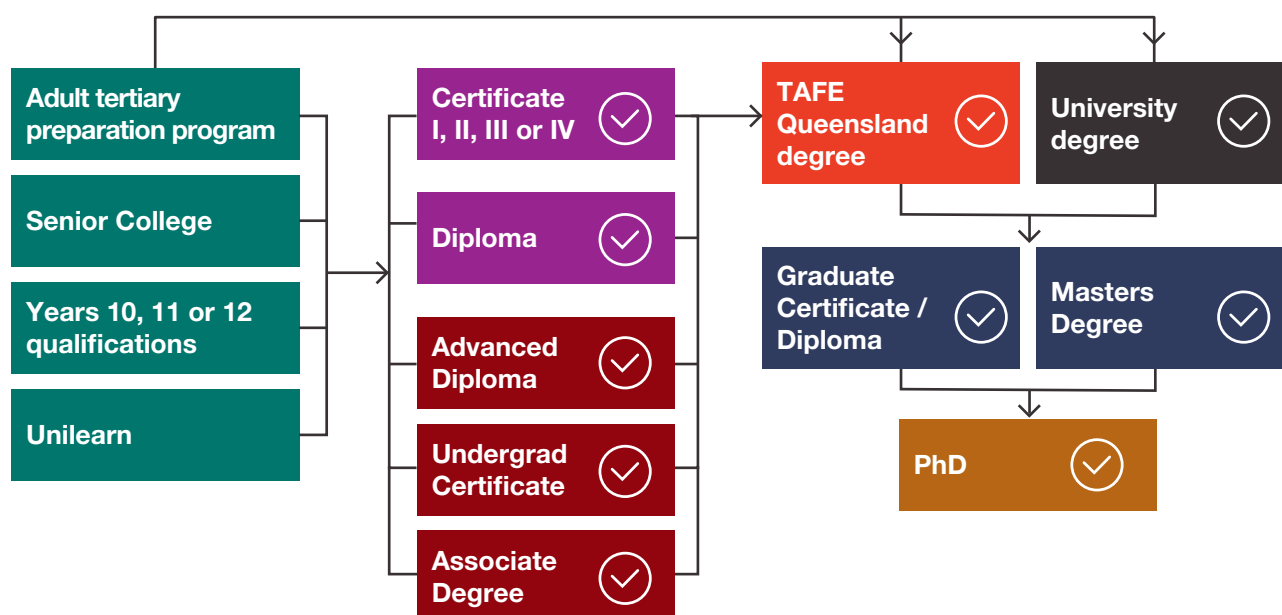

Find out more

For more information about payments and subsidies, visit tafeqld.edu.au/subsidies.

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.

Our partner universities and higher education providers

There's more than one way to get into your dream university degree. TAFE Queensland has a range of pathway options and partners that can get you started on your university degree sooner.

Post-school options

Become an apprentice or trainee

Learn hands on with the same equipment and tools used in industry, combining working for an employer and studying at TAFE Queensland, and graduate with a nationally-recognised qualification.

Applying for an apprenticeship or traineeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees. Studying a TAFE at School pre-apprenticeship course can boost your chances of landing your dream job by demonstrating to a potential employer that you're actively interested in their industry.

The first step is to visit an Apprenticeship Network Provider (ANP) to help connect you with an employer. Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract directly with TAFE Queensland.

For more information visit tafeqld.edu.au/apprentices.

Apply for a TAFE Queensland certificate or diploma

After successfully completing a TAFE at School course/s you may be eligible for direct entry into any related TAFE Queensland diploma.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees at tafeqld.edu.au/courses.

Get ready for university

If you need to complete additional prerequisites for university during or after high school, Unilearn is the perfect option. You can study a range of subjects from maths and science to senior English.

With the ability to study online and after hours, you can easily add a Unilearn subject or two to your senior schooling years. Unilearn subjects can also provide additional Queensland Certificate of Education (QCE) credit points.

Alternatively if you want to increase your tertiary admissions rank, our Adult Tertiary Preparation (ATP) course can help you achieve your goals.

For more information visit tafeqld.edu.au/atp.

Go to university

There's more than one way to get into your dream university course. Successfully completing a diploma at TAFE Queensland can help secure you a place in a bachelor degree through our partnerships with local universities.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. In those cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

For more information visit tafeqld.edu.au/pathways.

Information for schools

Designed to deliver practical, workplace-specific skills and knowledge, VET covers a wide range of careers and industries. If you find that your students struggle in a traditional classroom, or if they're tactile learners, VET may be where they will really shine.

How TAFE Queensland can help

With more than 400 nationally-recognised qualifications from entry-level certificates to bachelor degrees, studying at TAFE Queensland gives your students access to multiple pathways to get a head start on their careers.

They will learn in industry-standard facilities, have access to a range of student support services, be able to take advantage of a wide range of university pathway options, and so much more.

For more information visit tafeqld.edu.au/advisors.

Partnership with schools program

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland qualification on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact your local TAFE at School team.

Training for school teachers

TAFE Queensland offers low-cost training for school teachers with relevant industry experience so they can deliver VET programs at their school.

Teachers can train in certificate I and II courses relevant to the delivery of TAFE at School courses, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing industry-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

IVET online portal

TAFE Queensland has partnered with IVET to deliver greater timetable and delivery flexibility for teachers. IVET provides an online portal that enables teachers to have instant access to student progress, course information, digital resources, classroom management, PD logging, compliance, teacher qualification management, and more.

IVET currently facilitates a selection of TAFE at School courses across a range of study areas, and more will be added as development continues.

Teacher aide training

TAFE Queensland also provides nationally-recognised training for teacher aides. Our strong relationships with schools means we can provide opportunities for your staff to gain knowledge and skills across a wide variety of workplace settings.

For more information visit tafeqld.edu.au/education-support or contact us today.

Contact us

For more information please contact your local TAFE at School team on schools.goldcoast@tafeqld.edu.au.

Information for parents

It's tough being a teenager in their final years of school, trying to decide what to do with the rest of their lives. The pressure's on as early as Year 10 and it feels like results and choices will make or break their future.

It can be tough for parents too. Knowing when to intervene or when to take a step back seems impossible at times. But your behind-the-scenes role is crucial to their success.

About vocational education and training

University is not for everyone. Vocational training is not for everyone. Education is for everyone.

Most careers need some form of education and training. But they don't all require a university degree. There are a variety of reasons your child or students should consider vocational education and training (VET). Perhaps they want to enter a trade, test out an industry, gain Queensland Certificate of Education (QCE) credits, or maybe they just need to improve or contribute towards their Australian Tertiary Admission Rank (ATAR).

Why TAFE Queensland

Not everyone learns in the same way or at the same pace. At TAFE Queensland there are as many options as there are individuals with pathway options to suit your child's needs and help them kick start their career.

For more information visit tafeqld.edu.au/parents.

Busting VET myths

There are a number of common misconceptions about vocational education and training (VET) in Australia. The following myths highlight how perceptions differ from current reality.

MYTH: VET and TAFE are outdated and no longer relevant.

FACT: Modern VET is industry-led, with up-to-date facilities, teachers and courses aligned to today's jobs.

VET training is delivered in contemporary, purpose-built facilities using equipment and technology found in industry. Teachers maintain current industry experience, and courses are regularly updated and designed to be shorter and more flexible to meet workforce needs.

MYTH: University graduates find work more easily than VET graduates.

FACT: VET graduates have strong employment outcomes and are often job-ready sooner.

VET focuses on practical training for in-demand occupations experiencing skill shortages. Apprentices, trainees and graduates benefit from real-world experience that employers value, supporting high employment levels soon after completion.

MYTH: VET graduates earn less than university graduates.

FACT: VET graduates can earn similar wages to, or more than, university graduates.

Many VET pathways lead to occupations with competitive starting salaries, particularly in trades, healthcare and technical industries. VET students can also earn while they learn, gaining income and experience during their training.

MYTH: VET only leads to limited or short-term jobs.

FACT: VET prepares people for practical, future-focused careers.

VET provides skills for industries essential to Australia's future economy, including construction, renewables, healthcare, cyber security, services and small business. Practical, adaptable training supports long-term employability in a changing world of work.

Study areas

Whether you dream of a career in business, community services, creative industries, hospitality, IT, nursing or a trade, TAFE Queensland has the course options to kick-start your career.

Animal services

If working with creatures great and small is your passion, we'll equip you with the essential skills to launch a successful career in animal care or veterinary services. Our hands-on training ensures you gain real-world experience, preparing you for a rewarding future in the industry. Kick-start your journey today and graduate job-ready with skills employers want.

Business and IT

Whether you're looking to build a career in business, cyber security, IT or justice studies, we have the right course to get you started. Gain essential skills to successfully work in a variety of office and business roles and achieve your career goals. Explore a rewarding path in legal services, crime and justice, or public service. Stay ahead in the digital world with industry-based IT training designed to keep you at the forefront of technology.

Education and community

Build a meaningful career in community services or education. Develop practical, hands-on skills to support children's learning in safe, inclusive environments, or promote the safety and wellbeing of individuals, families and at-risk communities. At TAFE Queensland, learn from industry experts and graduate ready to make a real difference in people's lives.

Creative industries

Unleash your creativity and turn your passion into a career with courses in design, music, residential drafting and screen and media. At TAFE Queensland, you'll develop foundational skills, learn from industry professionals, and gain hands-on experience using the latest technology. Learn in our industry-standard facilities and build the confidence to bring your ideas to life in dynamic and ever-evolving creative fields.

Health and nursing

TAFE Queensland provides hands-on training to help you build a rewarding career in health and nursing. Learn in purpose-built facilities with industry-standard equipment, allowing you to apply theory in real-world settings from day one. With expert teachers and vocational placements, you'll gain the skills and experience employers value, ensuring you graduate confident and job-ready in the healthcare industry.

Service industries

Create an exciting career in hair and beauty, hospitality, cookery, or tourism with our service industry courses. At TAFE Queensland, you'll gain both theoretical knowledge and hands-on skills, ensuring real-world experience that sets you apart. Train in purpose-built facilities with industry-standard equipment and technology. Develop the confidence to work with clients and turn your passion into a rewarding career.

Sports and fitness

Strengthen your potential with a career in sports and fitness. Gain the skills you need to work with others and encourage an active and healthy lifestyle. Our sports and fitness courses are perfect for people who enjoy playing sports and staying fit. The Academy of Sport TAFE at School program promotes excellence by equipping senior high school sports enthusiasts with the right tools to pursue success in and outside the sporting arena.

Trades

Develop the practical skills to work across a wide range of trade areas and specialisations including automotive, electrotechnology, building and construction, engineering and plumbing. No matter what qualification you choose, at TAFE Queensland you will learn from experienced teachers using industry-standard equipment and technology in our purpose-built facilities. You'll graduate with the skills you need to establish a rewarding career.

TAFE at School Program

The Academy of Sport TAFE at School program promotes excellence by equipping senior high school sports enthusiasts with the right tools to pursue success in and outside the sporting arena. Various sporting codes and locations are available, with students undertaking regular practical sessions, guest speaker workshops and building athlete development knowledge throughout the program. Sessions are split between theory and hands-on delivery to advance the learning experience.

This innovative program partners with peak Queensland sporting clubs and bodies, allowing students to develop the skills and knowledge in a sport-specific learning environment one (1) day per week. Providing them with a valuable behind-the-scenes experience they would not get anywhere else.

Learn in an active sporting environment

Taught by sporting experts

Develop your skills and lead practice sessions

Students will require a web camera and headset fitted with a microphone to engage in group activities.

Glossary

ATAR	Successful completion of this course can count towards your ATAR ranking which may be used towards university entry.
VET in Schools (VETiS)	Funded by the Queensland Government through the Department of Trade, Employment and Training (DTET), the VETiS program covers training fees for VET courses that are aligned to jobs and skills in demand, putting secondary school students on a path to employment and further VET opportunities. Participation in courses funded through the VETiS program is free for Years 10, 11 and 12 students (whilst still at school). This doesn't exclude students from completing other training through their school or by paying for a course with a training provider. Eligibility requirements apply, for further information visit www.qld.gov.au/education/training/funded/vetis
PPE	Personal Protective Equipment is required for course, this may include safety shoes and uniforms. Further details to be provided upon application.
VPC	Vocational Placement is compulsory structured workplace learning experience where students receive practical training.
Work Experience	We recommend each student completes work experience as part of this course as an opportunity to develop a relationship within the industry.

AEROSCIENCE AVIATION THEORY COURSE

**Your path to an exciting
career in aviation**

TAFE Queensland has partnered with CBT Systems Pty Ltd to bring the Aeroscience Aviation Theory course to Australian students. Set yourself apart from the crowd and gain the specialised knowledge required to excel in an aviation tertiary-level course or to gain your Private Pilot Licence (PPL) with the Civil Aviation Safety Authority (CASA).

Delivered entirely online, this non-accredited course is two (2) modules, each with four (4) subjects comprised of easy-to-follow videos and quizzes. Gain the knowledge you need to pursue careers in aviation such as a pilot, aeronautical engineer, air traffic controller, and many more.

NONAC03203 Aeroscience Aviation Theory 1	NONAC03204 Aeroscience Aviation Theory 2
Subject name	Subject name
Aerodynamics	Air law
General aeronautical knowledge	Flight radio
Human factors	Air navigation
Meteorology	Air operations performance and planning

* Students must successfully complete Module 1 before enrolling in Module 2.

[🌱](#) This course has a sustainability focus. Sustainability is either embedded as a central theme or integrated into specific units.

ERGON ENERGY NETWORK AND ENERGEX

PRE-APPRENTICESHIP PROGRAM

Ergon Energy Network, Energex and TAFE Queensland are sparking the interest of enthusiastic and dedicated high-school students, looking to undertake a pre-apprenticeship program. Eligible Year 11 and 12 students will have the opportunity to complete a Certificate II in Electrotechnology (Career Start) (UEE22025) cadetship and power-up their careers in Queensland's transformative energy industry.
