

The Principal and Parents and Citizens Association of Helensvale State High School are proud to be able to extend to you the opportunity to take advantage of the school's Student Resource Scheme. This scheme is authorised to operate under the Education (General Provisions) Act 2006 and Department of Education, Training and Employment Policy.

The scheme's major purpose is to provide an extremely cost effective and efficient strategy to parents and students which:

- Reduces the heavy financial outlay for parents in providing a wide variety of student resources
- Eliminates shopping for books and resources
- Gives students access to a wide range of up-to-date resources
- Supplements consumable resources which are used to ensure real life learning experiences for our students
- Assists in maintaining a high level of technology across the school learning environment
- Accommodates a range of school based and workplace programs to enhance student skill development

Our students will graduate from this school into a highly competitive environment and it is our goal to provide for our students the best possible outcome. When surveyed, parents and students demonstrated an exceptionally high level of support for the operation and resource base of this scheme.

It is timely to reflect that the Government supplies the tuition fees and basic general foundations for the delivery of student curriculum programs. However, as has always been the case, the cost of books and additional resources has been the responsibility of parents and students.

All monies raised through this scheme are expended directly on the students of the school on an annual basis.

Endorsed by:

**Nerise Moore
P&C President**

**Mark Blackshaw
Principal**
